

NOTICE OF PUBLIC HEARING BY THE
CITY OF LAGUNA WOODS
CITY COUNCIL

SUBJECT: False Security System Alarm Fees

PROPOSAL: The City is considering the adoption of an increased false security system alarm fee that the County of Orange charges on the City's behalf to recover no more than the reasonable costs of the Orange County Sheriff's Department's response to the third and subsequent false security system alarms at the same residence or business in a calendar year, as well as for response to an intentionally set false security system alarm. False security system alarm fees are charged to homeowners and businesses responsible for security systems. Following the close of the public hearing, the City Council will consider adopting the increased false security system alarm fee, which would take effect beginning on October 5, 2020.

ENVIRONMENTAL DOCUMENTATION: This action is not subject to the California Environmental Quality Act (Pub. Resources Code, Sec. 21000 et seq.) ("CEQA") pursuant to sections 15060(c)(2) (the activities will not result in a direct or reasonably foreseeable indirect physical change in the environment) and 15060(c)(3) (the activities are not a project as defined in section 15378) of the CEQA Guidelines, California Code of Regulations, Title 14, Chapter 3. CEQA Guideline section 15378(b)(4) excludes "government funding mechanisms or other government fiscal activities" from its definition of "project" when they "do not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment," as is the case here. Even if this action were subject to CEQA, it would be categorically exempt under CEQA Guideline section 15273, which applies to the establishment, modification, structuring, restructuring, or approval of rates, tolls, fares, or other charges by the City, when such charges are for the purpose of (1) meeting operating expenses, including employee wage rates and fringe benefits, and (2) purchasing or leasing supplies, equipment, or materials – as is the case with the false security system alarm fee. Finally, this action is exempt from CEQA based on CEQA Guideline section 15061(b)(3) because it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.
