(\*) CDs are ranked using the Veribanc Rating System, a two-part color code and star classification system which tests the present standing and future outlook by reviewing an institution's capital strength, asset quality, management ability, earnings sufficiency, liquidity, and sensitivity to market risk. The table below summarizes the Veribanc color rankings. Veribanc star ratings of one to three, with three being best, are used to help review a possible future trend of an institutions health based on metrics from ten prior quarters. A rating of one, two, or three, are not necessarily an indicator of risk or an undesirable investment. The City reviews other rating systems and issuer financials before choosing any investment.

Veribanc Rating System	
Veribanc Rank	Color Meaning
Green	Highest rating, exceeds qualifications in equity and income tests
Yellow	Merits attention, meets minimal qualifications in equity and income tests
Red	Merits close attention, does not meet minimal qualifications for equity and has incurred significant losses
